Password

Confirm your password

VAL_mot de passe

The password and the confirmation must be identical.

1. Si le filtre n'est pas indiqué, cela signifie que le jeune passe automatiquement à la question suivante.

Your password must include:

- at least eight characters
- at least one upper-case letter
- at least one lower-case letter
- at least one number

[Forgot your password? Please contact us.](#)

QIE_TXT1

With the goal of maintaining the confidentiality of your data, it is necessary to confirm your identity. To do so, please answer the following questions:

QELJ_PNM Are you « *First name and last name of young adult* »?

Yes1

No2

PAQ : Si QELJ_PNM = 1, passe à QELJ_DNJ
Si QELJ_PNM = 2, passe à ERREUR D'IDENTITÉ
Si QELJ_PNM = NR, passe à CONFPNM

CONFPNM

[You did not confirm your identity.](#)

PAQ : Si le jeune clique sur Suivant, passe à ERREUR D'IDENTITÉ.

QELJ_DNJ What is your date of birth?

____ / ____ / ____
MM DD YYYY

Menu déroulant (JJ = 1 à 31; MM = Janvier à Décembre; AAAA = 1997 ou 1998)

PAQ : Si QELJ_PNM = 1 et QELJ_DNJ = Date de naissance dans base de données, passe à ADR1WEB

Si QELJ_DNJ = NR, passe à CONFDNJ

Si QELJ_DNJ ≠ Date de naissance dans base de données, passe à VAL_DNJ

CONFDNJ

[You did not enter your date of birth.](#)

PAQ : Si le jeune clique sur Suivant, il passe à ERREUR D'IDENTITÉ.

VAL_DNJ Were you indeed born on MM DD YYYY?

Yes1

No2

PAQ : Si VAL_DNJ = 2, retourne à la page précédente pour corriger
Si VAL_DNJ = 1 ou NR, passe à ERREUR D'IDENTITÉ

ERREUR D'IDENTITÉ

We have detected an error in the identification of the questionnaire. A person from the Institut de la statistique du Québec will contact you to verify your personal information. Thank you.

ADR1WEB To receive your \$40 cheque after completing the questionnaire, make sure the address below is correct.

Street No. and name:

CONF TÉL

You did not provide a telephone number.

After filling out the following consent form, you can then access your questionnaire.

Québec Longitudinal Study of Child Development (QLSCD)
***I am, I'll be* – Special Round COVID-19 (2020)**
Consent Form

Study partners

The Ministère de l'Éducation et de l'Enseignement supérieur, the Ministère de la Famille, the Fondation Lucie et André Chagnon, the Institut Robert-Sauvé en santé et en sécurité du travail and the Institut de la statistique du Québec (Statistique Québec).

The study and its objective

The purpose of the *I am, I'll be* study, COVID-19 special round, is to gather information on some of the impacts of the COVID-19 crisis on the lives and well-being of young adults born in Québec in 1997-1998. This information will be compared with that collected in previous rounds. The questionnaire takes approximately 15 minutes to complete.

1. By participating in this round of the study, I understand that:

- 1.1 The data I provide or that is obtained from other government ministries or agencies will be treated as CONFIDENTIAL, in accordance with the *Act respecting the Institut de la statistique du Québec* (chapter I-13.011) and the *Act respecting Access to documents held by public bodies and the Protection of personal information*;
- 1.2 My participation in the study is voluntary. I can choose not to answer certain questions or not to take part in this round without any prejudice to myself;
- 1.3 Statistique Québec invites me to take part in this round and will invite me to take part in future rounds of the study in the coming years by mail, e-mail, telephone and text message;
- 1.4 Statistique Québec will obtain additional data from the ministries and agencies holding these data in order to:
 - 1.4.1 keep in touch with me. My contact information, including information that can facilitate communication, may be obtained to this end from the ministries and agencies holding this information, such as the Régie de l'assurance maladie du Québec (RAMQ) and the Ministère de l'Éducation et de l'Enseignement supérieur (MEES);
 - 1.4.2 supplement my answers in the study in order to carry out statistical work related to the study's general objective. To do so, Statistique Québec may provide information that can identify me (e.g. first name, last name, sex, date of birth) to the ministries and agencies holding these data (in particular the RAMQ, the MEES and Revenu Québec). This information will only be used to confirm

my identity with those entities in the scope of this study. It will be destroyed by the RAMQ, the MEES and Revenu Québec once the data matching has been completed.

1.4.3 obtain certain administrative information in the health, education or income sectors (e.g. enrolment and certification of studies, student financial aid, tax information) and matched with the data gathered about me over the course of this study. This data matching will be done with the approval of the Commission d'accès à l'information and the Statistique Québec ethics committee. It will solely be done on Statistique Québec's premises to carry out methodological or analytical work related to the study's general objective.

2. I authorize Statistique Québec to:

- 2.1 send my information, meaning the responses I will have provided about myself in this round, with identifying data removed (i.e., not revealing any name, address or telephone number), to the partners and affiliated researchers who will have committed to respecting Statistique Québec's data security and confidentiality standards. I can obtain the list of these partners and affiliated researchers upon request.

3. I affirm having read and understood this consent form and being given enough time to make my own decision about accepting or refusing consent. Consequently, I consent to take part in this round of the study under the terms and conditions set out in this form.

Please mark your answer:

Yes ☐ No ☐

If you have any questions, you can contact us by e-mail.

iam_illbe@stat.gouv.qc.ca

Si QIE_FC1 = 1, passe à COV_Q1

Si QIE_FC1 = 2, passe à INT01

INT01

We understand that **you refuse** to participate in this round of the study, is this correct?

No. I would like to change my response on the consent form so I can indeed access my questionnaire 1

Yes. I do not consent to participate in this round of the study 2

PAQ : Si INT01 = 1, passe à QIE_FC1

For consultation only

Section 1

In this first section, we would like to know more about the people you were living with in mid-March 2020, at the beginning of the COVID-19 (coronavirus) pandemic, the people you are currently living with, and the moves you might have experienced recently.

COV_Q1. In mid-March 2020, how many people did you live with?
Please include yourself in that number.

Number of people:

Bornes : min 1, max 20 or more

Univers : Tous

PAQ : Si COV_Q1=1, passer à COV_Q3 sinon passer à COV_Q2

Source : Inspirée Covid-19 Survey, CLS, Q1

COV_Q2 In mid-March 2020, who did you live with?
Please select all that apply.

1. Father
2. Mother
3. Parent(s)-in-law
4. Sibling(s)
5. Relative(s) (grandparent, aunt, uncle, cousin)
6. Spouse (partner, boyfriend or girlfriend)
7. Friend(s) or roommate(s)
8. Dependent child(ren)
9. Other(s) (specify)

Note : choix multiples

Univers : Les répondants qui vivaient avec au moins une autre personne à la mi-mars 2020.

Source : Inspirée de Covid-19 Survey, CLS, Q2

COV_Q3 Since mid-March 2020, i.e. since the beginning of the COVID-19 crisis, have you been living with the same people?

1. Yes
2. No

Note : Si COV_Q1=1 (personne seule), indiquer plutôt : **Since mid-March 2020**, i.e. since the beginning of the COVID-19 crisis, do you still live alone?

Univers : Tous

PAQ : Si COV_Q3 = 2 ou NR, passez à COV_Q4, sinon passez à COV_Q6

Source : Inspirée de Covid-19 Survey, CLS, Q4

COV_Q4 **Currently**, how many people do you live with?
Please include yourself in that number.

Number of people:

Bornes : min 1, max 20 or more

Univers : Répondants dont la composition du ménage a changé depuis la mi-mars.

PAQ : Si COV_Q4=1, passer à COV_Q6, sinon passer à COV_Q5

Source : Inspirée de Covid-19 Survey, CLS, Q1

COV_Q5 **Currently**, who do you live with?
Please select all that apply.

1. Father
2. Mother
3. Parent(s)-in-law
4. Sibling(s)
5. Relative(s) (grandparent, aunt, uncle, cousin)
6. Spouse (partner, boyfriend or girlfriend)
7. Friend(s) or roommate(s)
8. Dependent child(ren)
9. Other(s) (specify)

Note : choix multiples

Univers : Répondants qui n'habitaient pas avec les mêmes personnes qu'à la mi-mars 2020 et qui vivaient avec au moins une autre personne au moment de l'enquête.

Source : Inspirée de Covid-19 Survey, CLS, Q4

COV_Q6 **Since mid-March 2020**, i.e. since the beginning of the COVID-19 crisis, have you moved?
Moving is defined as changing your main place of residence. For example, you have moved if you have left your student residence to return to live with your parents on a regular basis.

1. Yes
2. No

Univers : Tous

PAQ : Si COV_Q6=1, passer à COV_Q7. Sinon, passer à COV_Q9

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

COV_Q7 Were you planning to move during this period?

1. Yes
2. No

Univers : Répondants qui ont déménagé depuis la mi-mars.

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

COV_Q8 In general, on a scale of 1 to 7, where 1 means “None at all” and 7 means “Extremely,” how much stress or worry has moving caused you?

1. None at all
- 2.
- 3.
4. A moderate amount
- 5.
- 6.
7. Extremely

Univers : Répondants qui ont déménagé depuis la mi-mars.

Source : Nouvelle question de l’Institut de la statistique du Québec (ISQ), inspirée de l’étude « COVID-19 and Stress », Questionnaire de L. Dumont, S. Lupien, A-A. Journault, R. Cernik et C. Longpré, Centre d’études sur le stress humain.

Section 2

The following two questions focus on your relationships since the beginning of the COVID-19 crisis.

COV_Q9 **Since mid-March 2020**, has the quality of your relationship with **your spouse or partner** improved, worsened or remained stable?

If you have more than one partner, please answer by referring to the person you are closest with.

1. I did not have a spouse or partner in mid-March 2020
2. It has improved
3. It has worsened
4. It has remained stable

Univers : Tous

Source : Nouvelle question Institut de la statistique du Québec (ISQ), inspirée du questionnaire de l’Enquête CoRonavlrus sur l’Impact sur la Santé (CRISIS) V0.2, Q31

COV_Q10 **Since mid-March 2020**, has the quality of your relationships with your **close friend** improved, worsened or remained stable?

By “close friend,” we mean someone you are comfortable with, can share your thoughts with and can ask for help.

This friend must not be related to you and cannot be your spouse, partner, boyfriend or girlfriend.

1. I did not have a close friend in mid-March 2020
2. It has improved
3. It has worsened
4. It has remained stable

Univers : Tous

Source : Nouvelle question Institut de la statistique du Québec (ISQ), inspirée du questionnaire de l'Enquête CoRonaVirus sur l'Impact sur la Santé (CRISIS) V0.2 Q31.

Section 3

The following questions focus on various aspects of your health.

COV_Q11 In general, **before the COVID-19 crisis**, would you say your health was...?

- | | |
|-----------------|---|
| Excellent | 1 |
| Very good | 2 |
| Good | 3 |
| Fair | 4 |
| Poor | 5 |

Univers : Tous

Également disponibles aux volets 2008 à 2019 de l'Étude longitudinale du développement des enfants du Québec (ELDEQ).

COV_Q13 Has a health professional (e.g. doctor, pharmacist, social worker) ever told you that you had any of the following health conditions?

Please select all that apply.

- 1 Seasonal allergies
- 2 Asthma or other lung problems
- 3 Heart, kidney, or digestive problems
- 4 Immune disorder
- 5 Diabetes or high blood sugar
- 6 Cancer
- 7 Emotional or mental health problems, such as depression or anxiety
- 8 Problems with alcohol or drugs
- 9 Other problem(s) (specify)
- 10 No problems

Note : choix multiples, sauf pour choix 10 qui est exclusif.

Univers : Tous

Source : Questionnaire de l'Enquête CoRonavIruS sur l'Impact sur la Santé (CRISIS) V0.2

Section 4

The next section is about your experience with COVID-19.

Since mid-March 2020, i.e. since the beginning of the COVID-19 crisis...

COV_Q14 ... have you experienced any symptoms similar to those of COVID-19 (e.g. fever, onset or worsening of cough, difficulty breathing, or sudden loss of smell without nasal congestion, with or without loss of taste)?

1. Yes
2. No

Univers : Tous

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

COV_Q15 ... have you been tested for COVID-19?

1. Yes, and the test was positive (I had COVID-19)
2. Yes, but the test was negative (I didn't have COVID-19).
3. Yes, but I'm still waiting for the results
4. No

Univers : Tous

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

COV_Q16 ... how many days have you had to apply the home quarantine and/or self-isolation measures?
Quarantine or self-isolation is defined as isolating in one's home for a certain period of time without going outside.

1. I didn't have to
2. 7 days or less
3. 8 to 14 days
4. 15 to 21 days
5. 22 to 28 days
6. More than 28 days

Univers : Tous

Source : Questionnaire de M. Généreux, Enquête sur la pandémie et ses impacts psychologiques et comportementaux, Q12B

Since mid-March 2020, has any of the following been experienced by at least one of your loved ones (family member(s), close friend(s), spouse) as a result of COVID-19?

Please select all that apply.

	Yes, by a loved one with whom you lived	Yes, by a loved one with whom you did not live	No
COV_Q17a) Positive COVID-19 test result			
COV_Q17b) Onset of symptoms similar to those of COVID-19, e.g. fever, onset or worsening of cough, difficulty breathing, or sudden loss of smell without nasal congestion, with or without loss of taste (however, no COVID-19 testing has been done)			
COV_Q17c) Hospitalization			
COV_Q17d) Quarantine or isolation Quarantine or self-isolation is defined as isolating in one's home for a certain period of time, without going outside.			

Note : tableau, choix multiples

Univers : Tous

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

Since mid-March 2020, on a scale of 1 to 7, where 1 means "Not at all" and 7 means "Extremely", how worried are you about...

	1 Not at all	2	3	4 Moderately	5	6	7 Extremely
COV_Q18a) ... the health of loved ones who are at risk (e.g. who have health issues, are over 70 years of age, or are healthcare workers)?							
COV_Q18b) ... the health of loved ones who are not at risk ?							
COV_Q18c) ... your own health?							

Note : tableau

COV_Q33. In **mid-March 2020**, i.e. at the beginning of the COVID-19 crisis, were you enrolled...

1. ... full time?
2. ... part time?

Univers : Répondants qui étaient aux études à la mi-mars.

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

COV_Q34 In what type of education or training were you enrolled?

1. High school vocational program
2. High school, general education for adults
3. Cegep (pre-university or technical DEC, AEC, Accueil or Tremplin DEC)
4. Undergraduate university program (certificate, bachelor's degree)
5. Graduate university program (graduate diploma, Masters, PH. D.)
6. Other (specify)

Univers : Répondants qui étaient aux études à la mi-mars.

Source : Nouvelle question Institut de la statistique du Québec (ISQ), adaptée de l'Étude longitudinale du développement des enfants du Québec (ELDEQ), E22.

The next statements focus on the effects of the COVID-19 crisis on your school situation **from mid-March 2020 to the end of the winter term or school year**.

As a result of the COVID-19 crisis...

COV_Q35 a)... my courses have been rescheduled to fall 2020 by my educational institution (e.g. courses requiring in-person attendance).

1. Yes, all my courses
2. Yes, some of my courses
3. No

COV_Q35b)... my courses have become online courses.

1. Yes, all my courses
2. Yes, some of my courses
3. No
4. Not applicable (all my courses were already online)

COV_Q35c)... I have dropped some or all of my courses.

1. Yes, all my courses
2. Yes, some of my courses
3. No

COV_Q35d)... my internship has been postponed or cancelled (e.g. residency, co-op internship, work-related training).

1. Yes
2. No
3. Not applicable (I did not have an internship)

COV_Q35e)... it will take longer than expected for me to complete my program or obtain my degree, certificate or diploma.

1. Yes
2. No
3. I don't know

COV_Q35f)... I've decided to cancel my registration for this fall.

1. Yes
2. No
3. Not applicable (I was not enrolled for this fall)

Univers : Répondants qui étaient aux études à la mi-mars.

PAQ : Si COV_Q35b=1, 2 ou 4, passez à COV_Q36, sinon passez à COV_Q37

Source : Inspirée de Répercussions de la pandémie de COVID-19 sur les étudiants du niveau postsecondaire, Statistique Canada, Q5.

For each statement, please indicate to what extent you agree or disagree.

From mid-March 2020 to the end of the winter semester or school year...

COV_Q36a) ... I had easy access to the resources I needed (e.g. Internet access or computer) to complete my online courses.

1. Totally agree
2. Agree
3. Disagree
4. Totally disagree

COV_Q36b) ... in general, my teachers provided me with the guidance I needed to do my online courses.

1. Totally agree
2. Agree
3. Disagree
4. Totally disagree

Univers : Répondants qui étaient aux études à la mi-mars et dont une partie ou l'ensemble des cours ont été convertis en apprentissage ligne ou qui étaient déjà en apprentissage en ligne.

Source : Nouvelle question Institut de la statistique du Québec (ISQ)

Section 7

The COVID-19 crisis has had a significant impact on the workplace. Here are some questions about your employment situation **before** and **after** the crisis began.

COV_Q37 **In mid-March 2020**, i.e. at the beginning of the COVID-19 crisis, did you hold at least one **paid job** (for an employer or family business) or were **self-employed** (e.g. freelancer, consultant, entrepreneur)?

1. Yes, I had a job
2. Yes, I had two or more jobs
3. No

Univers : Tous

PAQ : Si COV_Q37=1 ou 2, passez à COV_Q38, sinon passez à COV_Q40f

Si NR, passez à COV_Q41.

Source : Institut de la statistique du Québec (ISQ), Étude longitudinale du développement des enfants au Québec, E22, TRV_Q01 – adaptée

COV_Q38 **In mid-March 2020**, how many hours did you work on average per week at your main job?

If you had more than one job, your **main job** is the **paid job** for which you worked the **largest number of hours** in the month before the start of the COVID-19 crisis.

If you spent the same number of hours at two jobs, answer by thinking of the job you have held the longest.

_____ hour(s) _____ minute(s) per week

VAL_COV_Q38

Important! Your answer must be between 1 minute and 168 hours.

Heures : 0 à 168 hours

Validation : COV_Q38 > 0

Univers : Répondants qui travaillaient à la mi-mars.

Source : Institut de la statistique du Québec (ISQ), Étude longitudinale du développement des enfants au Québec, E22, TRV_Q013 – adaptée

COV_Q39 **In mid-March 2020**, where was your usual place of work?

If you had more than one job, think about your main job.

1. Outside the home
2. At home
3. Outside the home **and** at home

Univers : Répondants qui travaillaient à la mi-mars.

Source : Inspirée Statistique Canada, Série d'enquêtes sur les perspectives canadiennes 2: Répercussions de la COVID-19 (SEPC-COVID), LM_Q20, suggestion de l'Institut de recherche Robert-Sauvé en santé et en sécurité du travail (IRSST).

After mid-March 2020, how has the COVID-19 crisis affected your employment or work situation?
If you had more than one job, think about your main job.

COV_Q40a) I lost my job

1. Yes
2. No

COV_Q40b) I closed my business

1. Yes
2. No
3. Not applicable (I don't have a business)

COV_Q40c) My working hours have been reduced

1. Yes
2. No

COV_Q40d) I have been assigned to duties other than those I normally perform on the job

1. Yes
2. No

COV_Q40e) I had to work from home

1. Yes
2. No
3. Not applicable (I was already working from home)

COV_Q40f) I got a new job

1. Yes
2. No

COV_Q40g) I have not been able to start my new job (delayed start)

1. Yes
2. No
3. Not applicable (I didn't have a new job)

Thank you for taking the time to fill out this questionnaire! You will receive a \$40 cheque within 4 to 6 weeks.

Questionnaire content and copyright

The *I am, I'll be* – Special Round COVID-19 study questionnaire was developed in collaboration with several university researchers and study partners. The authorizations required to use questions whose copyright holder is not Statistique Québec were obtained for this round of the study. Before using or reproducing any questions from this questionnaire, you must contact the study coordinator at nancy.illick@stat.gouv.qc.ca.
